

CHIRANDIP ROY

+91 9874297661 | chirandiproymail@gmail.com | [LinkedIn](#) | [Github](#)

PROFILE

Pre-final year B.Tech CSE student with strong foundations in Data Structures, Algorithms, and software development. Experienced in building scalable applications using Python, C++, and SQL, with hands-on experience in backend systems and problem-solving. Passionate about writing efficient code and solving real-world engineering problems.

EDUCATION

- **Techno India University** | Kolkata, India | 2023 - Present
BTech, CSE | CGPA: 9.16
 - **Saini International School Maheshtala** | Kolkata, India | 2021 - 2023
AISSCE, Science | Percentage: 89%
 - **Saini International School Maheshtala** | Kolkata, India | 2011 - 2021
AISSE | Percentage: 93%
-

SKILLS

PROGRAMMING LANGUAGES: Python, C, C++, SQL

FRAMEWORKS: Pandas, Numpy, Matplotlib, Scikit-learn, Streamlit, NLP

CORE CS: Data Structures & Algorithms, OOP, DBMS, OS

TOOLS: GIT, MySQL, MS Excel, Tableau, Postman API

PLATFORMS: Windows, Linux, GCP, AWS

SOFT SKILLS: Leadership, Effective Communication, Time Management

LANGUAGES: English (Full Professional Proficiency), Bengali (Native or Bilingual Proficiency),
Hindi (Limited Working Proficiency)

WORK EXPERIENCE

- **IBM** | Remote | October 2025 to January 2026 | [Link](#)

Intern

Developed a heart attack prediction ML model using Kaggle datasets, achieving 85% accuracy through feature engineering. Presented the project to an IBM panel judge, explaining the model and optimization techniques used.

- **Aspire Institute** | Remote | January 2025 to March 2025 | [Link](#)

Aspire Leaders Program Trainee

Attended training sessions and meetings to learn new information and develop personal skills. Completed all the modules of Aspire Leaders Program and was among the 5,979 finalists who successfully completed the program out of 25,021 students in Cohort 1 of the 2025 program year.

- **Techfest IIT Bombay** | Remote | June 2024 to December 2024 | [Link](#)

Campus Ambassador

Proactively participated in social media activities to promote awareness of Techfest IIT Bombay by developing post adverts and messaging prospective customers.

- **Zidio Development** | Remote | August 2024 to September 2024 | [Link](#)

Data Science and Analytics Intern

Collaborated to build an emotion prediction model achieving 90% accuracy on test data using Python modules like Seaborn, Matplotlib, and Pandas at Zidio Development.

PROJECTS

- **Speech and Emotion Recognition** | [Link](#)

Built a machine learning model to classify audio recordings into emotional categories (e.g., happy, sad, angry, neutral). The project involved processing raw speech data, extracting meaningful acoustic features, and training a classifier to accurately predict emotions.

Technologies: Python, Librosa, Pandas, Numpy, Scikit-learn, Matplotlib, Seaborn

- **Attendance Tracker** | [Link](#)

Database-Driven Attendance Tracker: Built a Python application using pandas, mysql.connector, and datetime to manage a MySQL database. The system automated daily attendance logging (Present/Absent) and provided functionalities to query records by date or student and display the complete register.

Technologies: Python, MySQL, Pandas

- **Heart Disease Prediction System** | [Link](#)

Developed a Streamlit-based heart disease prediction web app using Logistic Regression, achieving 85% accuracy, with real-time risk assessment, interactive visualizations, feature analysis, and user-friendly medical interface for data-driven insights.

Technologies: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Streamlit

ACHIEVEMENTS

- Solved 200+ DSA problems on LeetCode / GFG
- Ranked among top performers in NPTEL Python course (Elite Silver)
- Awarded Daily Coding Challenge (DCC) November Winner

CERTIFICATES

- Excel Skills Job Simulation JPMorgan Chase & Co. (Forage) | [Link](#)
- AWS Academy Graduate - AWS Academy Cloud Architecting Amazon Web Services (AWS) | [Link](#)
- Postman API Fundamentals Student Expert Postman | [Link](#)
- Python for Data Science Elite Silver Certification NPTEL | [Link](#)
